

Hearing is believing!

THAT is the one proof—the final test of the qualities of a musical instrument. And measured by that test, the Columbia Grafonola superbly proves its right to the title of "The One Incomparable Instrument of Music."

TO HEAR it is to feel the thrill of absolute reality. Its tone is so pure, crystal-clear, and flawlessly true to life that it well-nigh makes the hearer forget the presence of an instrument.

TO HEAR it play a delicate, airy bit of chamber-music, then a tremendous orchestral symphony, is to gain a new conception of its marvelous range and power. No detail or shading of a theme is lost, and the peculiar tones of all instruments are returned with the musical values unaltered.

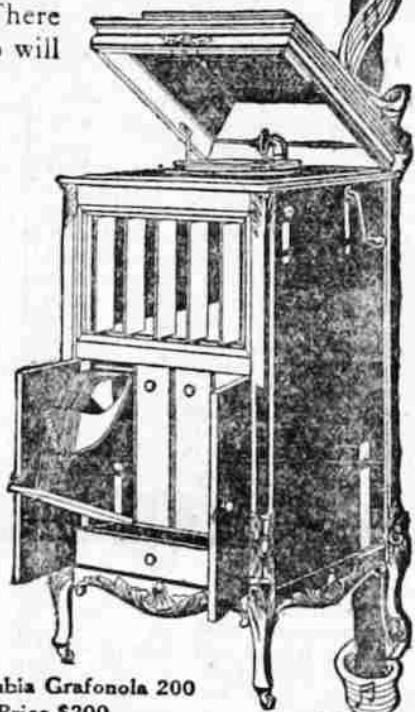

TO HEAR it with critical appreciation of its musical possibilities is truly to feel convinced that art and science could hardly go further in the reproduction of musical sound.

"Hearing is Believing." Put the Columbia Grafonola to the final test today. There is a Columbia dealer near you who will gladly arrange a demonstration.

PENROSE WINS BITTER FIGHT

Contest Centers Over Auditor General—Charles A. Snyder Wins Over Brumbaugh Standard Bearer.

Philadelphia, May 17.—Interest in the first presidential preferential primary election in Pennsylvania yesterday was overshadowed by the contest for the leadership of the Republican party in the state, in which United States Senator Boies Penrose apparently was victorious over Governor Brumbaugh after one of the bitterest fights in the history of the organization. The fight centered on the office of auditor general and the returns early today indicated the nomination of State Senator Charles A. Snyder, representative of the Penrose element, over Charles A. Ambler, standard bearer of the Brumbaugh forces, by a comfortable margin.

In the fight for the election of twelve delegates at large to the Republican national convention the Penrose faction apparently elected the majority of its candidates. The Brumbaugh element, however, claimed the election of the governor and Mayor Smith of Philadelphia. The Brumbaugh candidates are pledged to support the popular choice of the party in the state while the Penrose delegates are uncommitted.

There were only two candidates on the presidential preferential ballots. President Wilson on the Democratic and Governor Brumbaugh on the Republican, but Henry Ford received a

large number of votes by use of stickers, a million of which had been distributed by his business agents.

Former President Roosevelt, United States Supreme Court Justice Hughes and other received a scattered vote. Philander C. Knox was unopposed for the Republican nomination for United States senator to succeed Senator Oliver.

In Philadelphia the \$114,400,000 loan bills for rapid transit and other municipal improvements were approved by a large majority.

ORPET TO TESTIFY IN OWN BEHALF

Chicago, May 17.—Selection of a jury in the trial of Will Orpet, former University of Wisconsin student, charged with the murder of Marion Lambert, Lake Forest high school girl, continued today. Three tentative jurors have been selected from the first venire of 136 and a new venire was called today.

The most important developments in the case since it went to trial occurred yesterday when Orpet's attorneys, announced their client would testify in his own behalf. Orpet was the only witness to the death of the girl, all other evidence to be considered being circumstantial. His story is considered as of the greatest importance to the defense.

State's Attorney R. M. Dady announced yesterday that Miss Celeste Youker, the De Kalb, Ill., school teacher to whom Orpet said he was engaged, will appear as a state's witness.

ASQUITH CONTINUES INQUIRY. Dublin, May 16, 11:50 p. m.—Premier Asquith today continued his

The largest dinner party since the outbreak of the European war was held at Vice Regal lodge this evening.

DOCTORS DECLARE GIRL WAS MURDERED

Idaho Falls, Idaho, May 15.—A coroner's inquest convened this morning over the body of little Alice Empey, which was discovered nearly buried in the sand near Sand creek yesterday, after having been there for one month.

Dr. H. D. Spencer and County Physician J. O. Mellor had made a thorough examination of the body and testified that she had been murdered. Deep cuts made by a sharp instrument were found on the body. Both doctors testified that it would have been impossible for this to have been done by anything that might have been in the water. The jury was taken out to the location where the body was found and to the home of the parents.

GERMANS TAKE ISSUE WITH GREY

British Foreign Secretary's Review or Origin and Object of War Is Disputed.

OLD CHARGES RENEWED

Secret Reports of Belgian Diplomats Declared to Have Revealed British Intent.

Berlin, May 17, by wireless to Sayville.—German newspapers discuss at length the statements attributed to the British foreign secretary Sir Edward Grey, in the recent interview in which he took up the origin and object of the war, says the Overseas News Agency. "The newspapers agree that Sir Edward merely repeated statements which already had been refuted by Chancellor von Bethmann-Hollweg, who in his speech of August 19, 1915, discussed Premier Asquith's utterances on the same topics. The premier then stated that Germany had made impossible an understanding with Great Britain in the negotiations before the war by asking Great Britain to pledge her absolute neutrality in the event Germany became engaged in war."

The chancellor pointed out, however, that Germany had asked assurances of Great Britain's neutrality in case war should be forced upon Germany, which is quite a different thing inasmuch as it excluded the possibility that Great Britain would be forced to remain neutral if Germany should entertain intentions of aggressive action.

England Planned War. "The newspapers refute the declaration of the British foreign secretary that England had no intention of acting aggressively toward Germany by quoting secret reports of Belgian diplomats which show the manner in which British diplomacy had aimed for years to isolate Germany and expose her to the attack of a coalition."

"Sir Edward Grey's remarks in regard to the restoration of Belgium are answered by pointing out that Chancellor von Bethmann-Hollweg in his latest speech indicated that Germany favors a really neutral and really independent Belgium, a state which is willing to collaborate with Germany as with other countries."

"Sir Edward disregards well established facts, the newspapers say, and declares his utterances are hardly likely to promote the cause of peace, although he does not use the high-sounding phrase that Germany ought to be crushed, which previously has usually been given as Great Britain's object in the war."

WILSON UPHOLD FOR PRESIDENT

Michigan Democrats Stand Solidly for Their Leader in State Convention.

CHAIRMAN LAUDS CHIEF

Has Kept Country Out of War in Spite of Bitter Criticism—Duty to Mexico.

Lansing, Mich., May 17.—Democrats of Michigan, solidly supporting the renomination of President Wilson, met in state convention here today. Leaders declared the gathering would be extremely harmonious but uneventful. Each of the thirteen state districts will elect two delegates and two alternates to the national convention. Four delegates at large and four alternates also will be named.

Lauding President Wilson as the man "who with infinite patience, quiet courage and mastery of ability, and without the sacrifice of national honor, has successfully guided his country through storm and danger," Congressman Frank E. Doremus of Detroit, chairman of the Democratic national campaign committee, as temporary chairman, addressed the convention.

Referring to President Wilson's efforts to preserve peace, the speaker said:

"In a time like this the continued observance of the well-established rights of neutral nations makes for peace. Such a friend of peace is Woodrow Wilson, that for nearly two years, through the shifting winds of circumstances and vituperative criticism, he has sought to keep our ship of state with its 100,000,000 passengers off the cruel rocks of war. True there has been more or less mutiny on board, but much of this has come from passengers who, through political misfortune were not captains themselves or members of the crew."

It may be that we will have to intervene in Mexico, but if we do, it will be in response to a grave national duty and after every honorable means has been employed to avoid it."

CRUISER DRIVEN ASHORE IN GALE

Mine Layer Ship San Francisco Strikes Shoal in Nantucket Sound—Floats Later Without Assistance.

Boston, May 17.—The United States cruiser San Francisco now serving as a mine layer ship, was grounded on a shoal in Nantucket Sound for several hours early today in a gale, during which it was reported she lost a whale boat containing eight members of her crew. The San Francisco floated later without assistance and was not greatly damaged.

Advices regarding the whale boat and its crew were uncertain. Messages, saying they were lost, were received at two stations while officers of the Charlestown navy yard, which was in touch with the cruiser most of the time she was aground, said they had no word that any men were missing.

The San Francisco, bound from this port for Newport, R. I., was in command of Commander Reginald R. Belknap when she ran aground. A wireless call for assistance was quickly answered. The battleship New Hampshire and the coast guard cutters Albatross and Gresham proceeded at once to answer the call. The cutters were on their way to the stranded cruiser when the message announcing she had been floated reached shore.

"With the nickel you gave me."
"But that was for Sunday school!"
"Well," replied the boy, "I didn't need it. The minister met me at the door and got me in free."—The Christian Herald.
